

Set 2 · Everyday Vocabulary

शब्द

How to print: double-sided, "**flip on long edge**," 100% scale (never "fit to page"), portrait. Cardstock if available. Print the alignment tester below first on one sheet, check that each FRONT lands exactly on its BACK, then print the decks.

How to cut: the dashed lines are shared cut lines — one straight cut per line (a ruler and craft knife, or a small paper trimmer). The tick marks at the page edges show where every cut meets the edge.

How to study: Devanagari side up first — always try to READ before flipping. Say the answer out loud, gender included. Box system and schedule: Book 0, "The Leitner system." The corner code (D05-012) keeps shuffled decks sortable.

In this set: D04 Survival Phrases (61) · D05 Family (52) · D06 Food (48) · D07 Home (44) · D08 Body & Health (52) · D09 Clothing & Colors (46) · D10 City & Transport (53) · D11 Time (55). The Master Plan activates each deck in its week — print as needed.

Survival Phrases

नमस्ते

60 cards. Source: Book 3 Ch.1 + Book 4 L1-8. Print this deck double-sided, **flip on long edge**, at 100% scale (no “fit to page”). Cut along the dashed lines — the tick marks at the page edges line up with every cut. Card backs are mirrored so each back lands behind its front.

Front = Devanagari (read it aloud first!). Back = romanization, phonetics, meaning. The small code in the corner (e.g. D04-001) keeps decks sorted if cards get mixed up.

Around the Home

घर

44 cards. Source: Book 3 Ch.7. Print this deck double-sided, **flip on long edge**, at 100% scale (no “fit to page”). Cut along the dashed lines — the tick marks at the page edges line up with every cut. Card backs are mirrored so each back lands behind its front.

Front = Devanagari (read it aloud first!). Back = romanization, phonetics, meaning. The small code in the corner (e.g. D07-001) keeps decks sorted if cards get mixed up.

City & Transport

मेट्रो

53 cards. Source: Book 3 Ch.10. Print this deck double-sided, **flip on long edge**, at 100% scale (no “fit to page”). Cut along the dashed lines — the tick marks at the page edges line up with every cut. Card backs are mirrored so each back lands behind its front.

Front = Devanagari (read it aloud first!). Back = romanization, phonetics, meaning. The small code in the corner (e.g. D10-001) keeps decks sorted if cards get mixed up.
